However, some kind of students consider grammar has a crucial role for learning English language as a second language. Today this debate is one of the urgent problems.*

**Key words:** *grammar rules, English language, teaching techniques, role of grammar*

**Annotatsiya:** *Ushbu maqolada ingliz tilining grammatikasini o'rgatish texnikasining roli batafsil yoritilgan. Til grammatikasini o'rganish muhim emasligi haqida o'quvchilar orasida turlicha qarashlar mavjud. Biroq, ba'zi talabalar ingliz tilini ikkinchi til sifatida o'rganishda grammatika muhim rol o'ynaydi deb hisoblashadi. Bugungi kunda bu munozara dolzarb muammolardan biridir.*

**Kalit so'zlar:** *grammatika qoidalari, ingliz tili, o'qitish texnikasi, grammatika roli*

Grammar is a foundation of any language, especially the English language, as it facilitates understanding and interaction between people. If you do not learn grammar correctly, even the simplest phrases can easily become unclear or incorrect.

People who are capable of following and applying grammatical rules in both literal and figurative sens have the ability to express themselves well, both in writing and speaking. This skill is crucial for learning, working, and socializing with others. In this section, we will examine the main reasons why grammar is so important.

Grammar helps us to understand some components of language, teach ways for making components. Some people think that grammar is essential just for teachers and students but when they are learning English grammar is not important for our daily life. Even though from their point of view grammar is not important, it is basement of language. New learners who have learnt grammar become in another level and their English experience will get better. Grammar serves as the cornerstone of any language, particularly English, as it enhances comprehension and communication among individuals.

Without a solid grasp of grammar, even the most basic sentences can become confusing or incorrect. Mastering grammar elevates learners to a higher level and enriches their experience with the English language. Using proper grammar enhances speech and reduces feelings of uncertainty or self-consciousness about language use. This

confidence can open doors to better communication, successful presentations, and leadership opportunities.

Grammar is essential in the English language, ensuring effective communication, refining writing skills, enhancing reading comprehension, and influencing how others view us.

By mastering fundamental grammar rules such as tense, subject-verb agreement, and punctuation, one can gain a stronger grasp of the language and improve both spoken and written English.

Whether for career advancement, personal growth, or building confidence, dedicating time to learning grammar is a crucial step toward becoming a more skilled communicator.

Grammar serves as the cornerstone of any language, particularly English, as it underpins clear communication and fosters mutual understanding. Without a firm grasp of grammar, even the simplest sentences can become ambiguous or erroneous, leading to potential confusion. Mastery of grammatical rules empowers individuals to articulate their thoughts effectively, both in written and spoken form, while simultaneously boosting their confidence in language use.

Though some may argue that grammar is primarily essential for educators and students, it is, in fact, crucial for everyone, as it constitutes the very foundation of language itself. For language learners, a solid understanding of grammar elevates their proficiency, enriching their overall experience with English.

The correct application of grammar not only enhances verbal expression but also diminishes self-doubt, thus paving the way for improved communication and greater success in various professional and personal contexts. By diligently mastering fundamental grammatical principles, such as tense, subject-verb agreement, and punctuation, individuals can fortify their command of English, ultimately becoming more effective and confident communicators.
